

FISHERIES AND OCEAN SCIENCES UNDERGRADUATE PROGRAM

Explore beyond the shore.

The undergraduate programs in fisheries and ocean sciences

offers students broad education and training in the fields of fish and fisheries biology and ecology, marine biology, and oceanography. The B.S. degree in fisheries and ocean sciences prepares graduates to work as professionals in fisheries and ocean management, research, conservation, education, policy, and industry organizations. Students have the option of completing their program in Fairbanks, Anchorage, or Juneau, with many fisheries courses offered via distance education for students in remote areas.
