EVERYTHING YOU NEED

1. Room selection is the process of choosing your room for next year. This process is made up of lottery times which are based on your matched roommate groups.
2. Be sure to clear any holds you have with the University as you will not be able to select a room if you have any holds.
3. Current residents do not need to make a payment to select a room. All fees for room and board are due with your Fall 2024 fees by Friday, September 6, 2024.

If you submit your application after April 5, you will be placed in the open room lottery or your room will be assigned to you based on your room preference.

Helpful Hints

If you need further assistance please visit www.uaf.edu/reslife/

To view your unique lottery time, you will receive an email, or you can log in to your HousingPortal, one hour before lotteries open. At your unique lottery time you will have 2 minutes to select a room and pull in roommate before the next resident enters the lottery.

If you need to change rooms you can participate in the room change lottery starting in June.

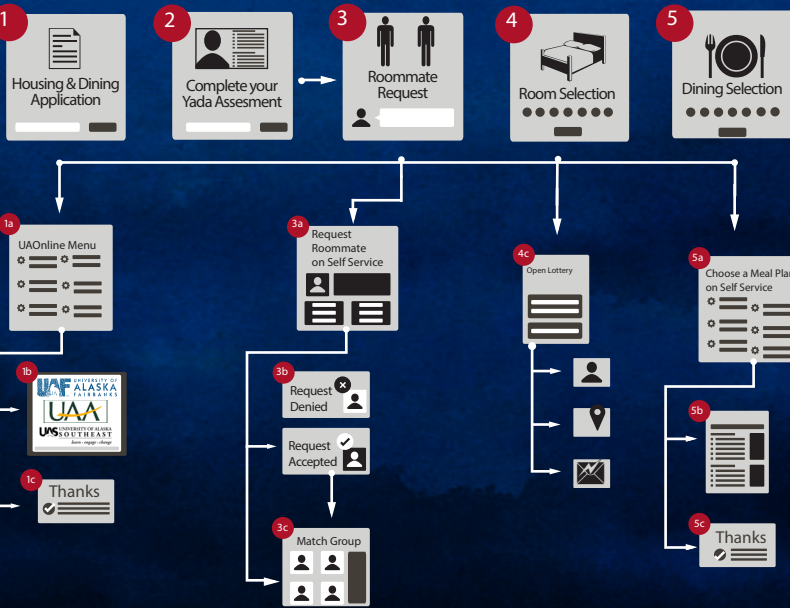

Update your preferred email address and telephone number on UAOnline or at the Registrar's Office to ensure you receive information from the Department of Residence Life in a timely manner. Click personal information on UAOnline then click manage your address, email and phone information link. Ensure your contact info is current!

Lock in your roommate before you select your room. Make any additions and changes to your roommate requests before your room selection time. Your roommate request must be accepted before your lottery time.

You may select a roommate who does not currently live on campus or is a new student. However, the potential roommate must submit a housing application prior to your selection date in order to be "pulled in" during the process.

The roommate with the earliest lottery can pull in all roommates. If you are in a matched group two (2) people for double-shared, or four (4) people for Cutler Apartments, they are eligible to select at an earlier selection date and time, that student will be selecting for you. HOWEVER, it is still your responsibility to confirm that you were pulled into a room as expected. To confirm your housing assignment through Self Service go to the main menu page and you will see your room assignment for Fall 2024. Only request as many roommates as you have occupancy.

ROOM SELECTION STEP-BY-STEP INSTRUCTIONS

STEP 1

COMPLETE THE TWO PART ONLINE HOUSING APPLICATION.

Via your HousingPortal, complete the housing eligibility form, then complete the current resident housing application.

STEP 2

COMPLETE YOUR YADA ASSESSMENT!

Use your Yada assessment to learn more about yourself, find roommates, and build community!

STEP 3

SELECT A ROOMMATE: SKIP THIS STEP IF YOU DO NOT HAVE A ROOMMATE IN MIND.

Request your intended roommate (they will be sent an email that they have been requested as a roommate).

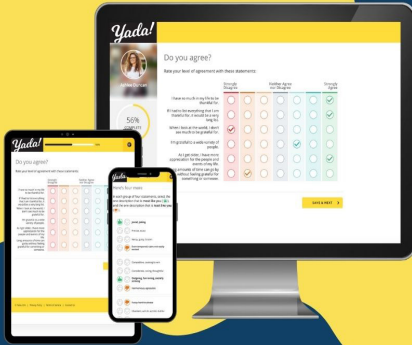

Your intended roommate will then confirm your request. You are now matched.

For groups larger than two, every person in the group must request and confirm everyone else in the group.

You and your matched roommate (or group) will be able to enter the earliest lottery for which either (or any) of you are eligible. The person with the best lottery time will pick for the roommate pair (or group). Then you will all be sent an email confirming that your room has been picked.

Yada!
